

LoL Region RallyCross Championship Rules

Introduction: The Land O' Lakes Region (LoL) RallyCross Championship Series consists of RallyCrosses sponsored by the Land O' Lakes Region. The series provides an incentive for LoL members to compete in all of LoL's RallyCross events.

Purpose: To promote and encourage participation in LoL RallyCross events by LoL members and to recognize achievements of drivers competing in LoL RallyCross events.

Scope of Season:

The RallyCross season shall be from December 1 to November 30. Applicable Rules: All RallyCross events shall be conducted under the current RallyCross rules as published by the SCCA.

Governing Body: The Governing Body is the LoL Competition Board. The Governing Body shall record points and distribute awards. The decisions of the Governing Body shall not affect any other Regional programs.

Competitor Eligibility: All members of LoL are eligible to compete in the RallyCross Championship. Competitors must be LoL members by the start of the final event of the season. Competitors must compete in at least half of the Championship events (rounded up) to be eligible for a year-end award. A competitor that has organizer points (see points system below) may count that event towards his/her eligibility. Competitors are eligible for only one award per season.

Event Eligibility: Only events designated as Championship events will be counted. Events must be calendared by March 1 to be included in the Championship Series. Non-Championship event additions may be made with prior notification by publication in the regional publication.

Classes: Classes will be per the current SCCA RallyCross rulebook. Any three entrants may create a class at any given event. If the class meets the minimum competitor eligibility requirements a championship trophy will be awarded.

Scoring: Event scoring shall be based on the accumulation of the best score of each run set. In the event of a single run set, that score will be counted toward the total. Drivers are only allowed to enter once per event.

Points System: A: Points will be awarded as follows:

Finishing Place	Points Awarded
1	10
2	8
3	6
4	5
5	4
6	3
7	2
8 or lower	1

B: Championship point totals will be awarded on the competitor's best finishes in two-thirds of available Championship events (rounded up).

C: Points awarded to a non-eligible driver will not affect the remaining points. (If an ineligible driver places first, the second place finisher will still only get second place points).

D: The Event Master may elect, prior to the beginning of competition, to take organizer points equivalent to first place in the class of their choice for a single event or a free entry for the event. Only one Event Master may take organizer points OR free entry at any given event, with the exception of a National Challenge event where two organizers may take organizer points or free entry.

E: Ties will be awarded accordingly.

Protests and Appeals:

A: The ONLY protests that the Governing Body will hear shall be those dealing with the eligibility of an entrant, or inclusion of an event, in the Championship.

B: Protests of eligibility must be made to the chairman of the Governing Body of the Series in writing. Such protests must be postmarked not more than ten (10) days after the posting of the official results of the event in question.

C: Protests can be made only by a member of LoL who was a competitor in the event in question.

D: The Governing Body shall not have the authority to modify, change, or in any way alter the OFFICIAL results of an event.

Awards:

A: Championship awards will be given to the top three places in each class.

B: Notification of final standings and award distribution will be made at the annual LoL Awards Banquet.

Conflicts: In the event a situation arises, not contemplated by the published rules, the Governing Body of the Championship shall be the final arbiter. The Governing Body will use the appropriate rulebook as a general guide in making decisions affecting the Championship.
